

A word cloud of terms related to scientific modeling and philosophy of science. The words are arranged in a non-uniform, overlapping manner, with varying font sizes. The largest word is 'models' at the bottom left. Other prominent words include 'theory' at the top right, 'fundamentals' in the upper right, 'physics' on the left, and 'reality' at the bottom right. The words are in a clean, sans-serif font, all in black.
